## **SCREENWRITING**

*Ice Queen*, Pilot - Logline: A young woman searches for a sense of normalcy after a tumultuous breakup while uncovering the truth of what happened to her.

*[Man]hattan*, Pilot - Logline: Four college best friends living in NYC host a podcast where they narrate and navigate their dating lives.

*The Honor Code*, Pilot - Logline: When a young girl goes into an unexplained coma and word of mouth is the only evidence, who can you trust? (A modern-day adaptation of *The Crucible* by Arthur Miller).

*Attached*, Pilot - Logline: A tumultuous relationship forms when a couple with opposite attachment styles begin dating.

*Act Natural*, Pilot - Logline: An up-and-coming actress in NYC navigates following her dreams while juggling her friendships, her finances, and her love life.

*#104*, Pilot, Logline: As high school kids grow up faster and faster, a girl navigates catching up to her friends while staying true to herself, all while the boys in her life don't have her best interest at heart.

*The Independent Variable*, Pilot - Logline: A handsome millennial scientist living in NYC with his rowdy teenage sister searches to find the answer to the one problem he can't solve: Love.
